

Cheung Yiu Wa, Jacky (張耀華)

Bachelor of Engineering, HKUST

+852 5691 8816 | ywcheungaf@connect.ust.hk | [Personal Webpage](#) | [LinkedIn Profile](#)

Education

Bachelor of Engineering

Majoring in Computer Science with Extended Major in Artificial Intelligence

Minor in Big Data Technology

The Hong Kong University of Science and Technology (HKUST)

CGPA: 3.669 | MGPA: 3.691 | TGPA: 3.72

From 09/23 To Present

Expected graduate: 2027

Experience (School based)

Research Assistant (RA)

Undergraduate Research Opportunity Program, HKUST

Project: Automated tutorials for mobile applications | Supervisor: Prof. Tristan Camille BRAUD

- Conducted research on methodologies to enhance a personalized tutorial agent that assists older adults with mobile application tasks.
- Developed a web-based annotation tool for researchers to annotate and analyze mobile application screenshots.

From 01/26 To Present

Project: Using Large Language Models (LLMs) for Software Development | Supervisor: Prof. Shing Chi Cheung

- Benchmarked multiple LLMs on code generation and debugging tasks.

From 01/25 To 05/25

Undergraduate Teaching Assistant (UGTA)

Department of Computer Science and Engineering, HKUST

Course: COMP 2611 (Spring 2025, Fall 2026), COMP 2012H (Summer 2025), COMP 2012 (Winter 2026)

- Designed and maintained 2 programming assignments in C++ for ~320 students.
- Supported students through office hours and online forum.

From 02/25 To 01/26

Experience (Internship/ Part-Time)

Intern

Information Services Department, Orient Overseas Container Line Limited (OOCL)

Collaborated within an Agile development team to enhance, maintain, and support a vessel booking system.

Designed and implemented an automated evaluation pipeline for AI agent performance.

From 06/26 To 08/26

Research Assistant (RA)

Hong Kong Generative AI (HKGAI) R&D Center

- Data annotation and Automated Speech Recognition (ASR) model fine-tuning.

From 03/26 To 04/26

Technician

Manon Tech Company Limited

- Established IT infrastructure for an international school, such as access points, CCTV, and audio systems.
- Configured and tested the safety system for the railway platform in Hong Kong West Kowloon Station.
- Designed and deployed the official company website (<http://www.manontech.com/>).

From 06/24 To 08/24

And 01/25

Awards

First Runner-up, Clawnet Application Challenge	HKGAI	06/26
Dean's List Awards 2025/26	School of Engineering, HKUST	02/26
University's Scholarship Scheme for Continuing Undergraduate Students	HKUST	12/25
Admissions Scholarship of HKDSE Holders 2023/24	HKUST	09/23
Subject Award (Information and Communication Technology)	Scientia Secondary School	07/23, 07/23 and 07/23
Excellent Academic Performance Award	Scientia Secondary School	07/22
Excellent Conduct Award, Remarkable Progress in Academic	Scientia Secondary School	07/21
